

New PowerSchool Parent Portal

MASD parents will now be able to create a unique parent account in PowerSchool that can be used to gain access to information about their student(s). There is no longer a need to have a separate account for each student. After creating an account parents will have the ability to log into the parent portal and view information about all of their students from one place. To create your account and gain access to your student's information, please follow the directions on the reverse side of this sheet.

Why should I create a PowerSchool Parent Portal Account?

By creating a Parent Account you will be able to:

- update student information, such as home phone number, parent contact information, and home address
- monitor your students academic progress
- monitor your students current attendance information
- subscribe to daily, weekly, or monthly reports that will be emailed to you automatically
- stay current with what is happening in your students building by accessing the Daily Bulletin

The Main Menu

The main menu consists of several icons within the navigation bar and includes links to the following functions:

Field	Description
<i>Grades and Attendance</i>	<i>Click to view student grades and attendance for the current term. For more information, see Grades and Attendance.</i>
<i>Grades History</i>	<i>Click to view student grades for the previous term. For more information, see Grades History.</i>
<i>Attendance History</i>	<i>Click to view attendance history for the current term. For more information, see Attendance History.</i>
<i>Email Notification</i>	<i>Click to set the e-mail notifications you can receive on a regular basis. For more information, see Email Notifications.</i>
<i>Teacher Comments</i>	<i>Click to view any teacher comments. For more information, see Teacher Comments.</i>
<i>School Bulletin</i>	<i>Click to view the current school bulletin. For more information, see School Bulletins.</i> <i>Note: This icon only appears if School Bulletin is enabled.</i>
<i>My Calendars</i>	<i>Click to subscribe to specific homework and event calendars. For more information, see My Calendars.</i>
<i>Account Preferences</i>	<i>Click to manage your PowerSchool Parent Portal account</i>

Creating a Parent/Guardian Account

1. Go to <https://powerschool.raiderweb.org> and click on "Create an Account". Each parent/guardian who wishes to gain access to their student(s) should create their own account. Parent accounts no longer need to be shared between parents.

Create an Account

Create a parent/guardian account that allows you to view all of your students with one login account. You can also manage your account preferences. [Learn more.](#)

2. Fill out the top portion registration form to create your account. Fill out the bottom portion of the form to link yourself to your student(s). Use the following information for the Access ID and Access Password.
 - a. AccessID = Student Number (if you do not know your student's student number, please contact your students building office)
 - b. Access Password = student's birth date in the following format: yyyyymmdd. Example, a student born on July 1, 1999, would be input as 19990701
