

Safety Committee Meeting
December 13, 2011

The following individuals attended the November 9th meeting: William Mills, Chris Mostoller, Dion Mumma, Dee Reitzi, and Paula Staub. Guest: Terry Martin

OLD BUSINESS:

Communicate with Nutrition about securing their knife drawers when not in use – an email was sent to Cindy Magee and she stated that the H.S., Fink and Kunkel are having issues. I addressed this with Mike Blouch and what is happening is the kitchen staff is not unlocking the drawers but instead pulling on them until they open. These drawers were not designed to have a lock put on them so the clasp is only so long, when they pull on the drawers, they are bending the entire mechanism. Mike has addressed this with the kitchen staff before but is going to check the drawers out and also go over everything again with Nutrition.

Request a quote to have a card reader placed at the double set of doors (special needs drop off area) at Kunkel – Quote was received and a purchase order requisition has been created.

The vestibule at the HS has been measured for grit tape; grit tape was purchased and will be put in to place in the next week.

NEW BUSINESS:
