

Section: Narratives - Needs Assessment

Introduction

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$ 249,848,000 or five percent (5%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to school districts, charter schools and cyber charter schools (collectively, LEAs) = to implement evidence-based interventions that address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that LEAs, at a minimum, use the funds they are awarded under this subgrant in the following ways: .

Percentage of LEA Allocation - Required Activities

30% - To address the social, emotional and mental health needs of students

10% - To provide professional development and technical assistance to educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students.

8% - To address reading remediation and improvement for students

The remaining allocation may be used by the LEA to address and/or supplement other areas of learning loss caused by the pandemic.

Act 24 also requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer activities, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs.

Through this grant application, LEAs will meet their requirement of developing a three-part plan, including describing their planned programming, a narrative outlining the expected benefit of each program and activity, as well as an overview of how the LEA determined the areas of need to be addressed, including the use of stakeholder feedback.

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their

students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting student needs since March 2020.

Indicators of Impact

1. Understanding the Impact of the COVID-19 Pandemic: Describe how the LEA has identified or will identify the extent of the impact of the COVID-19 pandemic on student learning and well-being. Specifically, what methods (i.e., collecting and analyzing data and information from focus groups, surveys, and local assessment results) were used or will be used to identify and measure impacts in four key areas: (1) Social and Emotional Learning, (2) Professional Development needs to support Social and Emotional Learning, (3) Reading Remediation and Improvement for Students, and (4) Other areas of Learning Loss?

	Method used to Understand Each Type of Impact
Social and Emotional Learning	The use of Universal Screeners will be used to assess students intrinsic and extrinsic social and emotional outliers. Programs such as Calm Cat, Cat Project, and other programs will be used to aid and support students who have social and emotional issues.
Professional Development for Social and Emotional Learning	Teachers and administrators will engage in professional development for understanding how to engage students in learning with social and emotional deficits. Teachers will be given PD on both technology based programs and classroom management practices.
Reading Remediation and Improvement for Students	Students will be using the LETRS curriculum to identify and measure the impact of COVID-19 on the reading levels of students.
Other Learning Loss	Students will also engage in summer school and after school programs to help bridge the gap for the issues that we are seeing with learning loss. the 1% that is set aside for both will also be accompanied with funds from this portion of the funds as well.

Documenting Disproportionate Impacts

2. Identify the student groups in the LEA that faced particularly significant impacts from the pandemic in the areas of Social and Emotional Learning, Reading Remediation and Improvement, or any other areas of learning loss that the LEA will address with this funding source. For each, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Impact	Provide specific strategies that were used or will be used to identify and measure impacts
		Teachers will engage in

Student Group	Area of Impact	Provide specific strategies that were used or will be used to identify and measure impacts
Major Racial or Ethnic Groups	Social and Emotional Learning	professional development centered around equity and diversity within the classroom.
Children from Low-Income Families	Other Areas of Learning Loss	Students who lost credits or were not able to actively engage in remote learning due to lack of technology or other factors will be transported to and from school for programs, given technology and engage in other remedial efforts.
Children with Disabilities	Reading Remediation and Improvement	Students will use LETRS curriculum to identify and measure the impact of the COVID-19 pandemic on reading levels of students.

Section: Narratives - Learning Loss Program Questions

Learning Loss Program Questions: In this section, LEAs are asked to describe the activities they have designed to support accelerated learning to combat learning loss caused by the COVID-19 pandemic for their students. Please use the following link to ensure that your calculated values below are equal to the values published on PDE's website. The file contains your LEA's MINIMUM required reserves for Learning Loss to address SEL, SEL PD, and Reading Improvement. [Click to download reserve amounts.](#)

*LEA's can choose to spend MORE than the minimum required reserves for Learning Loss. Those values will be entered in the budget sections.

Section 3a – Social and Emotional Learning: As schools across the Commonwealth return to school, LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM of THIRTY PERCENT (30%)** of funding available through this grant application to support the Social and Emotional Learning of their students. In this section, LEAs are asked to describe the activities they have designed to address these needs. Please reference the SEL framework to assist in developing this plan.

3. Calculate 30% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning. *(Calculation will populate when you click the Save button)*
 - *This value will be needed in the corresponding budget section.*

	Total LEA Allocation	Multiply by 30% (.30)	Minimum Allocation for SEL
Minimum 30% SEL Requirement	371,859	30%	111,558

4. Describe the data sources the LEA is using to identify social and emotional needs of students and identify areas of strength and concerns in the learning environment.

Data sources that will be used include universal screeners such as SAEBRS and MYSAEBRS. School Psychologists evaluations and SWIS behavior data.

5. Program/Activities – Please describe the planned program activities and identify the type of activity and the number of students to be served by that activity.

Program Activity	Student Group	Type (Universal, Targeted, Intensive)	Number of Students Served
Effective School Solutions	Major Racial and Ethnic Groups	Intensive	3
Effective School Solutions	Children from Low-Income Families	Intensive	4
Effective School Solutions	Children with Disabilities	Intensive	3

6. How will the LEA assess the success of the SEL program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Program Implementation and Data	Weekly	Students will be transitioned back into a step down program that will allow for a lower level of support

Section 3b – Social and Emotional Learning Professional Development: LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM OF TEN PERCENT (10%)** of funding available through this grant application to support professional development activities and technical assistance for educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students. In this section, LEAs are asked to describe the activities they have designed to address these needs.

7. Calculate 10% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning Professional Development. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

	Total LEA Allocation	Multiply by 10% (.10)	Minimum Allocation for SEL PD
Minimum 10% SEL PD Requirement	371,859	10%	37,186

	Total LEA Allocation	Multiply by 10% (.10)	Minimum Allocation for SEL PD
--	-----------------------------	------------------------------	--------------------------------------

8. Describe the planned professional development activities and how the activity will ensure that teachers/staff are equipped with training/support on the following:
- Social emotional learning and support for students that have suffered trauma during the COVID-19 pandemic;
 - Identifying signs of possible mental health issues and providing culturally relevant support;
 - Motivating students that have been disengaged;
 - Mentoring students who have attendance issues before it becomes a pattern;
 - Self-care and mindfulness strategies for teachers;
 - Engaging and communicating effectively with parents;
 - Working with community agencies to address non-academic needs.

Professional Development Activity	Number of Staff Involved	Type of Staff Involved (Teacher, Counselor, Support Staff, Admin, Other)	Provider – Who will present the professional development	Is the provider an internal staff member or an outside contractor?	Brief Description of the Planned Activity
b. Identifying signs of possible mental health issues and providing culturally relevant support;	100	Teacher	Effective School Solutions	External Contractor	Professional Development on how to handle students and identify students with social and emotional issues.

9. How will the LEA assess the success of the SEL professional development? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Classroom Management and Behavior Data	Monthly	Office referrals and behavior data throughout the building will be lowered and teachers will handle incidents within the classroom. Students who need intensified supports will be

Tool Used to Evaluate Success	Frequency of Use	Expected Results
		given intensive interventions.

Section 3c - Reading Improvement for Students:

LEA allocations in Reading improvement should be used to increase the best practice in the implementation of research-based reading instruction and acceleration. As schools are planning the most effective use for this 8% set aside for reading instruction and acceleration, they should contemplate the use of structured literacy (also known as Science of Literacy) to develop reading instruction and remediation. Please reference the Structured Literacy framework to assist in developing this plan [LINK NEEDED](#)

LEAs are required to utilize **A MINIMUM of EIGHT PERCENT (8%)** of their ARP-ESSER allocation for research-based reading instruction. In this section, describe the course of action to remediate and improve reading gaps through research-based practices.

10. Calculate 8% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Reading Improvement for Students. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

	Total LEA Allocation	Multiply by 8% (.08)	Minimum Allocation for Reading Improvement
Minimum 8% Reading Improvement Requirement	371,859	8%	29,749

11. What local assessments were used to determine the need to address learning loss in the area of reading? For which specific groups of students was this need evidenced? What were the findings?

Local assessments such as Acadience, PSI, PASI, and I-Ready diagnostic was used to address the learning loss in reading. The assessments were used a Tier 1 grouping. The findings showed a significant learning loss in the areas of phonics, phonemic awareness, and other basic literacy skills.

12. Does your data indicate that at-risk readers are making at least a year's worth of growth or more in one school year? *Please consider both state PVAAS data and local assessment data

No

Please explain:

Our PVAAS data and other data points are demonstrating negative growth in some regards.

13. Has the LEA used structured literacy and/or provided training for K-4, ESL, and Special Education teachers in structured literacy?

Yes

If so, please identify the training, grade level, and number of teachers involved.

Training	Grade Level / ESL / Special Education	Number of Teachers Trained
Science of Reading	K-4	80
Phonemic Awareness	K-2	60
95 Core Phonics	1-3	45

14. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
Science of Reading	Children from Low-Income Families	800	Teachers are using phonemic awareness, Phonics, Comprehension, Vocabulary, and Strategies that are based in 95% group work.
			Teachers will be using the LETRS curriculum

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
LETRS Curriculum	Children with Disabilities	300	to work with students who are not at the reading level in which they should be due to the learning loss factor of COVID-19.

15. How will the LEA assess the success of the literacy program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Acadience Benchmark Monitoring	3x a Year	Teachers will see a years worth of growth.
PSI	As needed	Teacher will see increase in phonics skills.
I-Ready	3x a Year	Teacher will see increase in skills.

Section 3d - Other Learning Loss Activities: LEAs are permitted to utilize the remainder of their allocation to support and/or supplement additional efforts being implemented to combat learning loss caused by the COVID-19 pandemic. Please use this section to describe those efforts.

*This value can be **UP TO 52%** of the total allocation, if minimum values were used for other reserves.

16. Calculate 52% of the remaining LEA Allocation **AS A MAXIMUM** amount to fund Other Learning Loss Activities. (Calculation will populate when you click the Save button)

	Total LEA Allocation	Multiply by 52% (.52)	Maximum Allocation for Other Learning Loss Activities
52% Other Learning Loss	371,859	52%	193,367

	Total LEA Allocation	Multiply by 52% (.52)	Maximum Allocation for Other Learning Loss Activities
Activities			

17. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
Seesaw	Major Racial and Ethnic Groups	400	Behavior tracking and notification for parents for elementary students.
Seesaw	Children from Low-Income Families	400	Behavior tracking and notification for parents for elementary students.
Seesaw	Children with Disabilities	400	Behavior tracking and notification for parents for elementary students.
USA Test Prep	Major Racial and Ethnic Groups	1,000	Test Preparation program for MS and HS students.
Extra Math	Children with Disabilities	1,200	Math remediation and acceleration program.
Acadience	Children from Low-Income Families	1,200	Reading remediation program for elementary level students.
Summer School	Major Racial and Ethnic Groups	70	Summer school Program for credit recovery and learning loss.

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
Summer School	Children with Disabilities	50	Summer school Program for credit recovery and learning loss.
Summer School	Children from Low-Income Families	50	Summer school Program for credit recovery and learning loss.
Summer School	English Learners	30	Summer school Program for credit recovery and learning loss.

18. How will the LEA assess the success of the learning loss activities? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Credit Evaluation Report	End of Summer School	Students will gain credits needed to be back on track to graduate with original class.
Assessment Scores for Tests	Quarterly	Students standardized tests scores will be increased through the test prep modules.
I-Ready	3x a year	Students reading and math scores will increase.
Behavioral Data	Monthly	Behavioral incidents will decrease in the classroom and school and student engagement will increase.
