

Positive Covid Case:

- *Person must isolate for 5 days from symptom onset. After day 5 of isolation and fever has subsided for at least 24 hours, person may return to work or school with a mask for the last 5 days.*
 - *Masking Guideline: If the person receives two negative tests within 48 hours after day 5, the person may remove the mask.*
 - *Students will not be zooming and work will be made up once the student returns to school. This will be treated as a normal absence due to illness.*
 - *If symptoms worsen and your student continues to test positive, they will need to restart their 5-day isolation.*

Any questions, please feel free to contact Dr. Scott Lindsey, Assistant to the Superintendent at Slindsey@raiderweb.org.
